

STATE OF NEW HAMPSHIRE

\_\_\_\_\_ CIRCUIT COURT, FAMILY DIVISION

DOCKET # \_\_\_\_\_

IN RE: \_\_\_\_\_, CHILD/REN

2<sup>nd</sup> NOTICE TO THE COURT

As proof that DCYF considers me to be a **non-party to the case, when I asked them for discovery, they told me I was not entitled to it.** I entirely reject their argument. I have been hauled into court and told that serious consequences to my parental rights, up to termination of parental right are possible as a result of this Petition, and they entirely deny me information that I need to make a determination about my child's best interest. I have at best, bare bones information about what happened. If the charged party settles with a consent decree, I will have zero information.

Respectfully submitted:
